## Custom Molded Cupholder Inserts

**Single Place**

- Molded cupholder inserts provide better esthetics and usability than traditional cork inserts.
- Specifically designed to keep the bottom of glassware and beverage containers dry.
- Dishwasher safe and easily removable for cleaning or replacement.
- Available for most popular sizes of single place cupholders.
- Molded from medium soft urethane.
- Color satin black.

**Some Double Styles Available**  
Minimum quantities and extended lead times apply.

P/N	Insert Diameter	Minimum Cupholder ID	Thickness
<b>URE2-2.72-BLK</b>	2.72"	2.73	0.21
<b>URE2-2.97-BLK</b>	2.97"	2.98	0.21
<b>URE2.3.06-BLK</b>	3.06"	3.07	0.21
<b>URE2-3.20-BLK</b>	3.20"	3.21	0.21

For Molded Urethane Inserts we recommend that the inside diameter of the cupholder should be at least 0.01" larger than the diameter of the insert.

**Finally**

*elegant interior hardware and accessories for luxury vehicles*
